You **CAN NOT** pick up players from the league to make a 5 or 6 player team. In this case 3 men and 1 woman can make up a team. The picked-up player must complete the game started and then can be substituted by the regular player if they show up before the start of the next game.
- Game default: After 10 minutes if teams don't have 3 players the first game is forfeited, after 20 minutes all games are forfeited for that week.
- If a team forfeits more than one time during the season they will be subject to possible removal from the league, there are several teams on the waiting list and interested in playing.
- Players are only eligible to play in play-offs if they have played with that team in regular season for a minimum of one match during the season. (Please be fair, honor system)!
- For playoffs, if a sub player is on more than one roster then prior to start of playoffs they are required to declare which team they are playing for during playoffs.
- **Should the school board cancel buses due to snow that day's games will be cancelled. Cancellations will be posted on BGCK social media.**
- Should there be a cancelation due to snow that week's game will take place the following week and the whole schedule will move one week forward unless notified otherwise.
- It is recommended pregnant women consult their physician prior to playing. Please also take into consideration that this is a recreational league and it is still very competitive and ball control is not always present please keep this in mind for yourself and others around you.

Roster:

- In order to play all players must be on a team roster and complete and submit a waiver form.
- Regular players can only be on one team roster. Sub players can be on more than one team roster but can only play for one team in the playoffs.
- **After season begins to add new players to your team's roster the team captain must submit player name, and waiver form at least 1 week prior to playing in their first game. BGCK staff will confirm with team captain player has been added to roster and start date to play.**
- **January 29, 2025 is the final date that new players can be added to a team roster for 2024-2025 season.**
- If a team uses a player not on their roster they will automatically forfeit all three games from that nights play.
